

Entry: Diagnostic Evaluation

Take an original Diagnostic Test (self-proctored) and participate in an immediate 1-on-1 Review & Evaluation Session. Receive a personalized Diag-Eval Report, including strength/weakness assessment, ideal test date, projected growth, and recommended study plan.

Strategic 1-on-1 Test Prep

Coach(es) assigned based on individual needs and preferences. Fully personalized test prep, including detailed session report after each session, close monitoring and adjustment for optimized learning, and ongoing communication with family. Join a waitlist for grouped classes.

Practice Tests & Tactical Review

Strategically timed practice tests and review sessions to identify logical miscues and points for improvement. Personalized conditioning strategies and section-specific tactics to maximize performance. (Especially critical for students with testing time accommodation.)

Test Day Follow-up

Immediate post-test day discussion for feedback, follow-up planning, and advisory for college admissions prep.
